

No One Said Prelude (Skit)

Shareefa

Yes, peace
Rich?
Yo!
What up man?
What's good Reef? What up?
Ain't nothing, chillin'
I-ight
Yo! Check this out I just had the craziest idea right
What is it?
I was listening to um, "Ready to Die",
Uh hu
And um I can up with like, the chorus, like the lyrics, just a
lil bit like
And I want it to go a lil something like:
"No one said that this life would be easy,
So sick and tired of being tired please believe me."
"No one said"... But you get the drift?
Uuhm I'm feel'n that, you know what?
I know just who we can get to do it too!
And the sample, I know the sample, I got the record sitting rig
ht here
