Trippin'

Shareefa

Ya see, I have a little problem, maybe you can help me out.
Theres a guy, I used to go out wit, we decided to go our own way.
But the problem is, I'm her problem now.

Now we're friends and everything
And you keep callin me to complain
About this new chick in ya life
And I know she's not ya type
The type that holds you and loves you
The way I pleased you
See I was ya first love, she don't deserve ya
Maybe, this love is what, ya been missin

I know ya girl trippin because I'm the one who
Who deserves you, cuz she cant love ya like I do
She cant love ya like I do
I know ya girl trippin because I'm the one who
Who deserves you, cuz she cant love ya like I do
She cant love ya like I do, yeah

I've seen a side of you that nobody has
My love for you, is not in the past
I feel the same way that I felt about ya baby
Neva regret all the choices that we made
But I cant go on like this
She's hatin me, cuz I'm in da middle
You betta let her know what we had
Play yo position tell ya girl to fall back

I know ya girl trippin because I'm the one who
Who deserves you, cuz she cant love ya like I do
She cant love ya like I do
I know ya girl trippin because I'm the one who
Who deserves you, cuz she cant love ya like I do
She cant love ya like I do, yeah

I know our love was special
And its hard for ya girl to let it go
Now ya missin, my love and kisses
But ya gotta miss this
I know ya girl trippin [x2]

I know ya girl trippin because I'm the one who
Who deserves you, cuz she cant love ya like I do
She cant love ya like I do
I know ya girl trippin because I'm the one who
Who deserves you, cuz she cant love ya like I do
She cant love ya like I do, yeah
