

Do We Really

Sharissa

Do we really wanna break up?
I think not
But what we gonna do to make it stop?
This thing is bigger than the both of us
Do we really wanna break up?
I think not
But what we gonna do to make it stop?
This thing is bigger than the both of us

Are we really sure
That we wanna keep this thing
Keep it going anymore?
There's a part of me
Every time we call it quits
Got me wanting you right back, yeah

Do we really wanna break up?
I think not
But what we gonna do to make it stop? (oh no)
This thing is bigger than the both of us (yeah yeah)
Do we really wanna break up? (Do We)
I think not
But what we gonna do to make it stop? (Don't know)
This thing is bigger than the both of us

So much fussin and fightin'
You do me wrong, I do you wrong
And it don't make it right and no
How can we go wrong?
Relationship is growing weak
But yet my love still grows strong

Don't wanna break up baby
You're in my heart, you're in my heart yeah
Yeah, baby
Say you'llll stay here baby
Stay in my heart, yeah, babe, yeah, babe

Do we really wanna break up? (Do We?)
I think not
But what we gonna do to make it stop? (I don't know)
This thing is bigger than the both of us (Bigger, bigger)
Do we really wanna break up? (Do We?)

This thing is bigger than the both of us
