

Brain Dead

Sharon Needles

Lights out, but no one's home
Goddamn leave me alai-rn
You're a fuckin' idiot
You're fuckin' brain dead
Don't tell me how you're shook, go fuckin' read a book
You're a fuckin' idiot
You're fuckin' brain dead

Can't believe you're still talkin'
Don't nobody care, don't nobody care
Can't believe you ain't stoppin'
Take it over there, take it over there

Can't believe you're still talkin'
Don't nobody care, don't nobody care
Can't believe you ain't stoppin'
You're brain dead

Brain dead, brain dead
B-b-b-brain dead, you're fuckin' brain dead
Brain dead, brain dead
B-b-b-brain dead, you're fuckin' brain dead

Better think before you speak
You're a bonehead on repeat
You can't be serious
You're fuckin' brain dead
Stupid is as stupid does
You sure can kill my buzz
You're a fuckin' idiot
You're fuckin' brain dead

Can't believe you're still talkin'
Don't nobody care, don't nobody care
Can't believe you ain't stoppin'
Take it over there, take it over there

Can't believe you're still talkin'
Don't nobody care, don't nobody care
Can't believe you ain't stoppin'
You're brain dead

Brain dead, brain dead
B-b-b-brain dead, you're fuckin' brain dead
Brain dead, brain dead
B-b-b-brain dead, you're fuckin' brain dead

Brain dead, brain dead
B-b-b-brain dead, you're fuckin' brain dead
Brain dead, brain dead
B-b-b-brain dead, you're fuckin' brain dead
