

Keep

Sharon Van Etten

Keep still so I can find you at your whim.
Breathe slowly so I can breathe with you.
Ooh... ooh...

Leave me alone,
We all want to feel at home.
Find me sleeping,
My inner dialogue's a drone.
Keep...

Don't cry for me,
I can't either.
I can't weep.
Remember these moments,
They're all we have
And all I can keep.
Caught in a lie I want
You to keep me to yourself.

Keep running deep under my skin I want to shed.
Don't keep it in keep it on the thinnest of all threads-
And I want to break you no no...
Ooh...
