

Same Dream

Sharon Van Etten

Bet you don't remember how we met.
That's okay it hasn't happened yet.
Although we had the same dream.
Although we had the same dream.

I think I met you when I was sleeping.
'Cause I shook myself awake.
Although we had the same dream.
I know when I go to sleep
We'll have the same dream.
We'll have the same dream.

Oooh... bet you don't remember how we met.
That's okay it hasn't happened yet
Although we had the same dream.
I know when I go to sleep
We'll have the same dream
'Cause we can still dream.
