

Evolution

Sharptooth

Where is your heart? (Where is your heart?)
Apathy gripped you and ripped you apart
Where is your heart? (When did it cave?)
Selfishness swept in and no one was saved
Empathy is not a virtue, it's our only hope
Unraveling to reach us, hung yourself upon that rope

Where is your heart? (Where is your heart?)
Apathy gripped you and ripped you apart

How can you just (See and not care?)
When one of us suffers, it's something we all have to bear

Empathy is not a virtue, it's our only chance
Hold on tight to one another, it's the only way that we will st
and

The cycle of oppression maintained by your self obsession
We can only overcome when we recognize that we are one

Our evolution as a people requires us to work as equals
If we are all to survive, we cannot eat ourselves alive
So how fucking dare you?
How-how-how-how fucking dare you?
Yeah

I will not stand by, watch our planet die
Watch our species die, watch my people die
What more does it take to make you want to help?
Think outside yourself

Think outside yourself

How fucking dare you! How fucking dare you!
Believe that this life and the world all must revolve around yo
u?
How fucking dare you!
Think outside yourself
