

Easy

Shaun

I know it must be hurting, I'll never know
So forgive me if I got it wrong
The memories I killed
They're trying to come back to life
Now, I'm left wondering why it's all gone

I think it's time to realize
I should put down my phone
I hate the fact I'm thinking
Why'd I ever let you go
I know I can't be holding
On but, I just wanna know
Oh, no
Now, it's gone

I wish it was easy, but you're still on my mind
Throw out the memories of you being mine
If you're completely over us, then that's fine
But how could it be easy?
How could it be easy?

What you know, what you know, what you know
About me?
Maybe I don't mind
But, you know, but, you know, but you know
And I do
It's another lie
I see that look in your eyes
I hope we realize
Babe, but we're still heading down, eh, eh

I think it's time I realize
I'm looking at my phone
And seeing all the memories
You're never gonna call
I did my best to give you
What you needed from me and
It wasn't enough for you, yeah

I wish it was easy, but you're still on my mind
Throw out the memories of you being mine
If you're completely over us, then that's fine
But how could it be easy?
How could it be easy?
Eh, eh

Tell me, is it useless
Running round for you, cuz
Girl, you are the only thing
That I can't live without you, see
Tell me if you think
I'm wrong, and we should leave
'Cause to me
I need you right next to me

I wish it was easy, but you're still on my mind
Throw out the memories of you being mine

If you're completely over us, then that's fine
But how could it be easy?
How could it be easy?

How could it be easy?
How could it be easy?

I wish it was easy
But you're still on my mind
Just tell me if it was love or a lie
'Cause if you're completely
Over us, then that's fine
But don't say you will need me
Let's make it look easy
