

So Right

Shaun

Hit and run
Came into my life like the morning sun
Won't give up my heart for anyone
You doin' it like you're having fun, oh yeah

Waiting for me to pull the trigger on our love
You've only been here for a second, now I'm yours
I can't explain or comprehend, this should feel wrong
Something about you just feels

So right
You make everything feel so nice
And I'm falling for you with closed eyes
Baby, I think you know why, you know why

You know why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y

Take your time
This ain't just some temporary high
Baby, it's not like I'm gonna die (Gonna die, gonna die)
If you don't feel the same, I'ma be alright, oh yeah

Waiting for me to pull the trigger on our love
You've only been here for a second, now I'm yours
I can't explain or comprehend, this should feel wrong
Something about you just feels, yeah

So right
You make everything feeling so nice
And I'm falling for you with closed eyes
Baby, I think you know why, you know why
So right
You make everything feeling so nice
And I'm falling for you with closed eyes
Baby, I think you know why, you know why

You know why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
You know why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y
Why-y, why-y

Why-y, why-y
Why-y, why-y
