

Ain't Going Nowhere

Shawn Austin

Just like this town
And this paid-for house on family ground
I'm always gonna be around
Yeah, be around
'Cause this love we got's like a mountaintop
Made of solid rock
Girl it ain't comin' down
No it ain't comin' down

As long as this old boy's heart
Keeps beatin' inside my chest
It's gonna be you, it's gonna be me
It's gonna be us till the end

I'll be your lean-on
Any night you need one
Every time they fire up that sunrise
I'm gon' be there
I'll be your dance-with
Girl I'll be your last kiss
I'll be your highway ridin'
Top-down freedom in the air

When life's all thorns
I'll be the roses
Be those arms that always hold ya
Be that steady you grow old with
I ain't goin' nowhere
I ain't goin' nowhere
