

# Planes Don't Wait

Shawn Austin

She ain't ever coming back  
She ain't ever coming back

Good old dogs get old  
And family farms get sold  
And some will never last forever  
They pave over old dirt roads

And she's over me  
Yeah, she's over me, ooh

She's at thirty-seven thousand feet  
Halfway to California  
And I'm running these power lines  
Putting in overtime here in Georgia  
Chalk it up to a one-way ticket  
Didn't get it, now I'm sitting here missing her  
Time don't stop, flies by fast  
Hearts still break, love don't last  
And planes don't wait

She ain't ever coming back  
She ain't ever coming back  
She ain't ever coming back  
Oh, planes don't wait  
She ain't ever coming back  
She ain't ever coming back  
She ain't ever coming back

This long neck won't take long  
God knows it ain't my first  
'Cause I've been here drowning in beers  
Trying to get over her  
'Cause she's over me  
Yeah, she's over me, yeah

She's at thirty-seven thousand feet  
Halfway to California  
And I'm running these power lines  
Putting in overtime here in Georgia  
Chalk it up to a one-way ticket  
Didn't get it, now I'm sitting here missing her  
Time don't stop, flies by fast  
Hearts still break, love don't last  
And planes don't wait  
Oh, planes don't wait

Had a dream that a 747  
Made a U-turn and came back home  
I guess it's all finally hitting me  
And wishing that she misses me, but she don't

She's at thirty-seven thousand feet  
Halfway to California  
And I'm running these power lines  
Putting in overtime here in Georgia  
Chalk it up to a one-way ticket

Didn't get it, now I'm sitting here missing her  
Time don't stop, flies by fast  
Hearts still break, love don't last  
And planes don't wait

She ain't ever coming back  
She ain't ever coming back  
She ain't ever coming back  
Oh, planes don't wait  
She ain't ever coming back  
She ain't ever coming back  
She ain't ever coming back  
And planes don't wait
