

Impossible

Shawn Desman

Wake up all day.
Been up all night.
Just trying find the words.
What should I say? What should I do?
That's the point of no return.

I can't breathe, can't think, can't sleep.
I'm going crazy.

One kiss was all that it took. Ohh
It was innocent. An accident.
Now it's all I'm aiming for.
How can we be friends?
It just don't make sense!
Your just too damn beautiful
You make it impossible (You make it impossible.)
You make it impossible not to fall.

Can it be wrong, cause it feels right.
Girl, you left me wanting more.
I'm a wreck, I'm all torn up.
& I'm standing at your door.

I can't breathe, can't think, can't sleep.
I'm going crazy

One kiss was all that it took. Ohh
It was innocent. An accident.
Now it's all I'm aiming for.
How can we be friends?
It just don't make sense !
Your just too damn beautiful
You make it impossible (You make it impossible)
You make it impossible not to fall.
You make it impossible (You make it impossible)
You make it impossible not to fall.

So tell me you felt it.
Tell me I'm not alone. Oh no (Tell me I'm not alone.)
Cause I can't go back Oh no.
& I can't let go. Ohhh.
Baby I can't let go ! Oooh.
It's so impossible..

It was innocent. An accident.
Now it's all I'm aiming for. (It's all that I'm aiming for!)
How can we be friends?
It just don't make sense !
Your just too damn beautiful (Girl your so beautiful!)
You make it impossible (You make it impossible)
You make it impossible not to fall.
You make it impossible (You make it impossible)
You make it impossible not to fall.
You make it.
