

Pullin' Me Back

Shawn Desman

should i stay? should i go? its not up to me no more
i cant decide the way my heart feels
pouring down on me like when under the sunshine
i cant believe it its so unreal

and am all messed up, drunk on her
the more a get the more a want
and a cant explain whats happenin
but everytime i try to leave
shes pulling me back in her arms
&
i dont have the strength to resist her
theres no escapin her love
cause its everywhere i turn
cant get away
im in trouble trouble trouble
i think im in trouble trouble trouble
i know im in trouble trouble trouble
this time am in trouble

i dont even know myself
turnin into someone else
cant concentrate cant even think clear
she got me dialing 143 everytime shes not with me
im countin seconds till she gets here

and am all messed up, drunk on her
the more a get the more a want
and a cant explain whats happenin
but everytime i try to leave
shes pulling me back in her arms
&
i dont have the strength to resist her
theres no escapin her love
cause its everywhere i turn
cant get away
im in trouble trouble trouble
i think im in trouble trouble trouble
i know im in trouble trouble trouble
this time am in trouble

dont even wanna hang out with my friends no more
cant even see myself with someone else no more
&

i owe it all to her, and now she got me singing
ah ah ah ohh
ah ah ah ohh
ah ah ah ohh
ah ah
man shes pulling me back in her arms
&
i dont have the strength to resist her
theres no escapin her love
cause its everywhere i turn
cant get away
im in trouble trouble trouble
i think im in trouble trouble trouble

i know im in trouble trouble trouble
this time am in trouble
yeah yeah
ah trouble ah trouble ah think am in trouble
ah trouble ah trouble ah think am in trouble
ah trouble ah trouble ah think am in trouble
ah ah ah think am in trouble
