Shawn Desman

I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

Baby yea I know that I drive you crazy
I'm looking so good bet you wanna date me
And take a ride in my new mercedes (mercedes)
Baby yea I know that you like my body
Or maybe it's some of my money
It's got you acting kind of funny (funny)

I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin' these sexy heels
So good is how I feel
Yea I'm single for real

Baby no I ain't got time for blinking?
And it don't matter wat your thinking?
And no you ain't getting by me sharing?

Baby when u see all the cameras flashing
You think you know but you can't imagine
What it takes to make this happen

I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin' these sexy heels
So good is how I feel
Yea I'm single for real

All eyes on me but I gots wat u see boy
I got all eyes on me they liking what they see

The places I go people stare cause they know boy
Everywhere I go they stare is it cause the clothes I wear?

I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin' these sexy heels
So good is how I feel
Yea I'm single for real

I make them boys bow down

Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin' these sexy heels
So good is how I feel
Yea I'm single for real
