

# Good Days

Shawn Hook

I remember the good days  
The 'everything as it should' days  
The 'love as much as we could' days  
Yeah, I remember the good days  
It didn't matter if it rained  
It didn't matter 'bout my pain  
With you around, I was okay  
And everyday was a good day  
Yeah, everyday was a good day

My hand, and your hand, we kept running  
Somehow, with you, it was always sunny  
Living as if we would live forever, uh  
We didn't care that we had no money  
We didn't think that the old is nothing  
We had it all 'cause we had each other, uh

Give me back the touch  
That I miss too much  
Make it real again  
When did we become  
Just like everyone  
We said we would never be like?

I remember the good days  
The 'everything as it should' days  
The 'love as much as we could' days  
Yeah, I remember the good days  
It didn't matter if it rained  
It didn't matter 'bout my pain  
With you around, I was okay  
And everyday was a good day

My hand, and your hand keeps on slipping  
Somehow, with you, it's just not clicking  
Why can't we love, baby, love forever? Uh  
The more we possess, the more we're stressin'  
More we forget, the more we're missin'  
Out on the things we should be living for

When did we become  
Just like everyone  
We said we would never be like?

I remember the good days  
The 'everything as it should' days  
The 'love as much as we could' days  
Yeah, I remember the good days  
It didn't matter if it rained  
It didn't matter 'bout my pain  
With you around, I was okay  
And everyday was a good day  
Yeah, everyday was a good day

My hand, and your hand, we kept running  
Somehow, with you, it was always sunny  
Living as if we would live forever, uh

I remember the good days  
The 'everything as it should' days  
The 'love as much as we could' days  
Yeah, I remember the good days  
It didn't matter if it rained  
It didn't matter 'bout my pain  
With you around, I was okay  
And everyday was a good day  
Yeah, everyday was a good day  
Everyday was a good day
