

# Lie

Shawn Hook

Oh

You and me used to be thick as thieves  
Chemistry honestly, easily  
Everything was on the surface  
On the surface, yeah  
Open book, never look, life was good  
Knock on wood, understood where we stood  
Thought we could go the distance  
Go the distance, yeah

Now I think you think I don't  
Know what you're hiding so  
I think it's time you know

Oh, I wish that I could try for you  
But I can't lie, lie, lie, lie, lie, lie  
The way you lie, lie, lie, lie, lie, lie  
You say that I should fight for you  
But I can't lie, lie, lie, lie, lie, lie  
The way you lie, lie, lie, lie, lie, lie

Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie

On the road you're at home  
Not alone in your phone  
Sending those photos, no clothes  
You never sent me  
Now I sound crazy  
'Cause I can see you liking  
Wonder who you're swiping  
It's like you think I'm blind and  
I wouldn't find the truth  
I never had a clue

Yeah, I think you think I don't  
Know what you're hiding so  
I think it's time you know

Oh, I wish that I could try for you  
But I can't lie, lie, lie, lie, lie, lie  
The way you lie, lie, lie, lie, lie, lie  
You say that I should fight for you  
But I can't lie, lie, lie, lie, lie, lie  
The way you lie, lie, lie, lie, lie, lie

Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie

Yeah, I think you think I don't  
Know what you're hiding so  
I think it's time you know

Oh, I wish that I could try for you  
But I can't lie, lie, lie, lie, lie, lie  
The way you lie, lie, lie, lie, lie, lie  
You say that I should fight for you  
But I can't lie, lie, lie, lie, lie, lie  
The way you lie, lie, lie, lie, lie, lie

Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie  
Lie, lie, lie, lie, lie, lie
