

# Magic

Shawn Hook

(Gimme that, gimme that)  
(Gimme that)

Gimme that gimme that suit and tie  
I'm about to go  
Feeling like feeling like I can fly like you  
What you want  
Nothing like nothing like you and I  
You're in control  
How do you, how do you hypnotize me  
Like you do

You're so damn original  
No it's more than casual  
It's so unbelievable

We got lost in the magic  
We find love in the static  
How you do it when we make it  
I don't even know  
We got lost in the magic  
Turning into a habit  
Blow my mind 'cause  
Every time it's so unpredictable  
You make me feel

Magic, magic, yeah  
Magic, magic  
You make me feel

Taking me, taking me so damn high  
When you go down  
Making me, making me lose my mind, yeah  
Every time  
All the way, all the way I'm inside  
Your head all day  
Like the way, like the way you're in mine  
You don't even try

You're so damn original  
No it's more than casual  
It's so unbelievable

We got lost in the magic  
We find love in the static  
How you do it when we make it  
I don't even know  
We got lost in the magic  
Turning into a habit  
Blow my mind 'cause  
Every time it's so unpredictable  
You make me feel

Magic, magic, yeah (Magic, yeah)  
Magic, magic  
You make me feel  
Magic, magic, yeah (Magic, magic, magic, magic)

Magic, magic  
You make me feel

You're so damn original  
No it's more than casual  
Oh

We got lost in the magic  
We find love in the static  
How you do it when we make it  
I don't even know  
We got lost in the magic  
Turning into a habit  
Blow my mind 'cause  
Every time it's so unpredictable  
You make me feel

Magic, magic, yeah (Magic, yeah)  
Magic, magic  
You make me feel  
Magic, magic, yeah (Magic, magic, magic, magic)  
Magic, magic  
You make me feel
