

# Relapse

Shawn Hook

Oh no  
This can't be happening, yeah  
Oh no  
I'm crawling out my skin  
You say "just a sip won't hurt anyone"  
But your kiss, there's never just one  
Oh no  
This can't be happening, this can't be happening  
I'm going back again  
I-I-I-I-I

You hit me like a relapse  
You keep on pulling me back  
I'm shaking in a cold sweat  
You know I've got a hell fit  
I can't stop, can't get enough  
'Cause baby once I get a taste, it's all I want  
You hit me like a relapse  
A relapse

I know, that I know shades of gray  
Yeah, I know, it's back and wild, all this nothing at all  
Here we are, down on the floor  
We don't care who needs it more  
Oh no  
This can't be happening, this can't be happening  
I'm going back again  
I-I-I-I-I

You hit me like a relapse  
You keep on pulling me back  
I'm shaking in a cold sweat  
You know I've got a hell fit  
I can't stop, can't get enough  
'Cause baby once I get a taste, it's all I want  
You hit me like a relapse  
A relapse

I can't stop, can't get enough  
'Cause baby, once I get a taste, it's all I want, all I want  
I can't stop, can't get enough  
'Cause baby, once I get a taste, it's all I want

You hit me like a relapse  
You keep on pulling me back  
I'm shaking in a cold sweat  
You know I've got a hell fit  
I can't stop, can't get enough  
'Cause baby, once I get a taste, it's all I want  
You hit me like a relapse  
A relapse

You hit me like a relapse  
Like a relapse

I don't ever want to run out of you
