

Winter Jacket

Shawn Hook

I see them red of your cheeks
I can feel you shiver
Like the salt on the streets
Trying to melt you quicker
At a bus stop on terminal and main
Sipping cinnamon whiskey to warm my veins

You were dressed for summertime in California
Slides and sweats
Made me wanna slide on over
Chest to chest
Hold you like you're never leaving
Even in another season
Close my eyes and I keep seeing

Cold water on your face
My pockets made for you to reach in
Your fingertips were freezing
I pull you closer, felt you shake
I let you take my winter jacket
And I still hope you have it now

Without my love to keep you warm
Without my love to keep you warm
Without my love to keep you warm
To keep you warm without me

Walking home in the dark when you need somebody
Put it on, feel my arms wrapped around your body
I know it's not the same thing
But I remember everything

You were dressed for summertime in California
Slides and sweats
Made me wanna slide on over
Chest to chest
Hold you like you're never leaving
Even in another season
Close my eyes and I keep seeing

Cold water on your face
My pockets made for you to reach in
Your fingertips were freezing
I pull you closer, felt you shake
I let you take my winter jacket
And I still hope you have it now

Without my love to keep you warm
Without my love to keep you warm
Without my love to keep you warm
To keep you warm without me

Without my love to keep you warm
Without my love to keep you warm
Without my love to keep you warm
To keep you warm without me

I pull you closer, felt you shake
I let you take my winter jacket
And I still hope you have it
