

Love Will Find a Way II

Shawn James

Love will find a way
Love will find a way
Love will find a way
Love will find a way

When you're all alone you can't find a place to call home
If you're on the edge of a cliff you can't find your grip
Don't lose hope

Love will find a way
Love will find a way
Love will find a way
Love will find a way

Love will find a way to overcome all your pain
Love will find a way to overcome all your pain
Love will find a way to overcome all your pain
Love will find a way to overcome all your pain
