

Sodom & Gomorrah

Shawn James

Wake me up, I thought this was a dream
I can't take any more of these nightmare scenes
Sound the alarm, I feel all hope is lost
Now it appears our gods have forsaken us

Sodom and Gomorrah
Firing down from the sky
Sodom and Gomorrah
Judgment from all life

Bring me the head of the beast and that may suffice
The wrath of the god who loves all his children's lives
Never has a tall tale, never felt so real
Is the word of the city who never kneels

Sodom and Gomorrah
Firing down from the sky
Sodom and Gomorrah
Judgment from all life
Sodom and Gomorrah
I feel all hope is lost
Sodom and Gomorrah
Was it worth such a heavy cost

Heavy, heavy, heavy, heavy is the head that wears the crown

Sodom and Gomorrah
Firing down from the sky
Sodom and Gomorrah
Judgment from all life
Sodom and Gomorrah
I feel all hope is lost
Sodom and Gomorrah
Was it worth such a heavy cost
