

There It Is

Shawn James

How can we love with no love around?
How do we hate when hate abounds?
Don't you tell me to calm down
How can you fall back and not make a sound?

There it is
There it is
There it is

I've been searching my whole life
For an existence that just felt right
Now that I'm older I've finally found
Happiness is real when you let your guard down

There it is
There it is
There it is

You can build a wall but we'll tear it down
You can spread your hate but our love abounds

There it is
There it is

I don't know what you're going through and I don't know where you've been
I know that you are meant for so much, so much more than this

You can do your worst but we'll rise to our best
If you hold us down we will never rest
All the pain that you cause, you will reap what you sow
There's no turning back. We won't let it go

There it is
There it is
There it is
