

Burning

Shawn McDonald

Gospel in the wind
If you would only listen
To the sweeter sounds
Of these songs of freedom
Whispering our love
A ghost in the air
And the heartbeat of life
Is pounding everywhere

Oh this fire is burning
Inside my chest
And I cannot let it
No I cannot let it rest

And the sacred romance
Of learning how to dance
With the great divide
Between heart and mind
And this holy life
Keeps breaking down the night
And my heart is growing
Until I find home

Oh this fire is burning
Inside my chest
And I cannot let it
No I cannot let it rest

Oh this fire is burning
Inside my chest
And I cannot let it
No I cannot let it rest

Oh this fire is burning
Inside my soul
And I cannot
No I will not let it go

Oh this fire is burning
Inside my chest
And I cannot let it
No I cannot let it rest

Oh this fire is burning
Inside my soul
And I cannot
No I will not let it go
Till I'm with you
