

# Because I Had You

Shawn Mendes

I think it's time that I be honest  
Should've told you not to go  
Thought I knew just what I wanted  
I didn't know myself at all

You're with somebody I can't be, yeah  
But I can tell that you're happy

It's time for me to finally meet somebody new  
Take her to all the places that I took us too  
And she might help me forget  
But loving her is something I could never do  
Because I had, because I had you

Hey, remember when I told you  
That you and I will go down in history together, yeah  
And does your sister ask about me?  
And you and I, what we had, is it gone forever?

You're with somebody I can't be  
But I can tell that you're happy

It's time for me to finally meet somebody new  
Take her to all the places that I took us too  
And she might help me forget  
But loving her is something I could never do  
Because I had, because I had you

There's nothin', oh  
There's nothin' left to lose  
Because I had you, babe  
There's nothin'  
Nothin' that I could do  
I wish I had you

But I think it's time I finally found somebody new  
And tell myself that she's the one that get me through  
And she might help me forget  
But loving her is something I just couldn't do  
Because I had you
