

# The Only Reason I Came To This Party

Shawn Mendes

I'm stuck inside this room  
Tryna play it cool  
While I'm looking for you  
Tryna play it cool  
While I'm looking for you  
I didn't wanna go  
But I had to let you know  
That I'm falling for you  
I need to let you know  
That I'm falling for you

People everywhere  
I'm pushing through this crowd  
I'm sober, I don't even care  
I hope when I walk upstairs  
That I won't be let down  
I just wanna see you standing there

You're the only reason I came to this party  
So I'm not gonna leave here with just anybody  
Everybody's wasted on their phones  
I wanna find a place we can be alone  
Cause you're the only reason I came to this party  
I came to this party

So, are you making moves  
And what you been up to  
It's killing me slowly  
When all I wanna do is get a second with you  
The music's too loud  
Just wanna hear the sound of you saying softly  
"We can leave now, we got nothing to lose"

People everywhere  
We're pushing through this crowd  
Until we walk right outta here

You're the only reason I came to this party  
So I'm not gonna leave here with just anybody  
Everybody's wasted on their phones  
I wanna find a place we can be alone  
Cause you're the only reason I came to this party  
I came to this party  
I came to this party yeah

You're the only reason I came to this party  
So I'm not gonna leave here with just anybody  
Cause everybody's wasted on their phones  
I wanna find a place we can be alone  
You're the only reason I came to this party  
I came to this party yeah  
I came to this party  
I came to this party  
Cause you're the only reason I came to this party  
I came to this party
