

(Ah)

This time  
Just slow down  
But I miss you  
Let it go

This time  
Just slow down  
But I miss you  
Let it go

This time  
Just slow down  
But I miss you  
No, I know, let it go

This time  
Just slow down  
But I miss you  
No, I know, let it go

(Ah)

Come on, make me smile again  
Crumble up my heart, even just for a second  
Come on, make me smile again, yeah  
Let's save the world like we dreamed and imagined  
Come on, make me smile again (Woo-hoo)  
Close our eyes and pretend 2016 didn't end  
With all of our friends at Jack LA, I'd die  
Falling in love, it'd be perfect
