You've been looking kinda thirsty
If you want it I can shake it
I can stir it
I could pour you some

I can make it kinda dirty
Put some Bitters on your body
And I bet ya I could get you buzzed

I'll give you culture just like kombucha
You're lookin' like a snack
Let me take your picture

Wake up in the morning and I'll still be with ya
With ya, with ya, wi- wi- with ya

Can we date
'Til it rains
Ginger ale

I can't wait
'Til you taste
My champagne

Squeeze
'Til you pop pop pop pop
Get your drippin' lime and lemon

Squeeze
'Til you pop pop pop pop
Let me show you what you're missin'

Squeeze
'Til you pop pop pop pop ('Til I what?)
'Til you pop pop pop pop pop pop (Pop!)
'Til you pop pop pop pop ('Til I what?)
'Til you pop pop pop pop pop pop

If I'm being honest I can barely pay the rent
But I'm muddlin' the lime
And I'm muddlin' the mint

And I think I like your spirit like a million percent
So I'm muddlin' your lime
And I'm muddlin' your
Ha

Lick your lips like maple syrup
You're lookin' for a ring
But it ain't that serious

Take a little sip and you'll get delirious
-lerious, -lerious, -le -le -lerious

Can we date
'Til it rains

I can't wait
'Til you taste
My champagne
