

Trigger Warning

Shawn Wasabi

Whip the whip so hard it make 'em nauseous
Yeah you with them big dogs now proceed with caution
Play with big bands bet they thought that we was marching
And we takin shots can I get a trigger warning
Get a trigger warning
Get a trigger warning
And we takin shots can I get a trigger warning
However you want it, night until the morning
And we takin shots can I get a trigger warning
Yuh

Comin home real late at night
I'll repent ask for forgiveness in a different life
I'm acting different got a section to protect the vibe
I never lie we on a different type time
I'm a different type fly

Whip the whip so hard it make 'em nauseous
Yeah you with them big dogs now proceed with caution
Play with big bands bet they thought that we was marching
And we takin shots can I get a trigger warning
Get a trigger warning
Get a trigger warning
And we takin shots can I get a trigger warning
However you want it, night until the morning
And we takin shots can I get a trigger warning
Get a trigger warning
And we takin shots can I get a trigger warning
However you want it, night until the morning
And we takin shots can I get a trigger warning

Yeah, yeah It's 6 in the morn' and I'm chopped
Wasabi, the beat got me sneezing
Shake my head when I'm takin' them shots
Cause I know this tequila gon' trigger my demons
In Shibuya the face is too hot
Roppongi I "Just Wanna Rock"
After the party I show you the spot and
The ramen so fire I cannot be a vegan
Little bump, but I'm back on the scene
And my stalk it be Jack on a bean
What they thought I was done, I'm machine

I'm off with no warning, like let's go

Get a trigger warning
Get a trigger warning
And we takin shots can I get a trigger warning
However you want it, night until the morning
And we takin shots can I get a trigger warning
Get a trigger warning
Get a trigger warning
And we takin shots can I get a trigger warning
However you want it, night until the morning
And we takin shots can I get a trigger warning
