

# Why You Leave

Shawty Lo

Why you leave?  
You should've just stayed with me  
Why you leave?  
You should've just stayed with me

It ain't no way in hell I'm saying rest in peace to you  
When you was down, I was down, we had to see it through  
You took a step, I took a step, 'cause that's just how we move  
They sayin' different, I say fuck them, they was never cool  
Ain't in the gang firsthand, I never leave the school  
This what I'm hearing, I just pray the shit cannot be true  
But for my mothers, for my sisters, gotta make it through  
Never switch sides on 'em, never turn your back on 'em  
These other tuckers tryna square I got your back homie  
Grandma miss you dearly, know you're smiling down on me  
Never turned your back on me, always held me down homie  
Even in the deepest ocean, know that I would drown homie

Why you leave?  
You should've just stayed with me  
Why you leave?  
You should've just stayed with me

How the fuck should I feel?  
I get a call that my dad just went down the hill  
How the fuck should I feel?  
Man is it real? won't y'all tell me 'bout that  
Everybody screaming that they fuck with my dad  
When he was here where was everybody at?  
Late night kicking it, damn I'm a miss that  
I'll never forget who really had my back  
Pops taught me the game, he never cut no slack  
Wrong or right he always had my back  
I know you looking down on me though  
And I'm a take that pedestal for my sisters though  
Just for you

Why you leave?  
You should've just stayed with me  
Why you leave?  
You should've just stayed with me

With us  
We miss you papa  
Forever rocky  
Shit don't feel right  
I miss you man  
Just come back  
I miss you dad  
I know you'll always be here  
Looking down on us  
I'm a miss you
