

## Route 2

Shay

Oh no...

Search until you track me down  
I'm so glad you found me  
Made me want to turn around  
This is where I wanna be

I've left behind my sadness  
Saw past my dead ends  
You saved me from the madness  
The twist and turns and thens

You have found a route to my love  
You have found placed in my heart  
You have found a route to my love  
Oh oh, oh oh oh ow ow  
(This is where I wanna be)

You have found a route to my love  
You have found placed in my heart  
You have found a route to my love  
Oh oh, oh oh oh ow ow  
(This is where I wanna be)

To long kicking up the dust  
Travailing down a lonely road  
There's a thousand miles between us  
Why'd you ever let me go

I've left beside my sadness  
Saw past my dead ends  
You saved me from the madness  
The twist and turns and thens  
(This is where a wanna be)

You have found a route to my love  
You have found placed in my heart  
You have found a route to my love

You have found a route to my love  
You have found placed in my heart  
You have found a route to my love  
Oh oh, oh oh oh ow ow  
(This is where I wanna be)
