

Get It

Shaybo

Zimmi you zimmi you
I'm the queen of my city
Ima boss and I'm pretty
I only roll with bad boys but I ain't no pdiddy
Tryna make me a milli so I'll be back in a Giffi
I don't drink no Hennessy pour me martini
When I'm rolling with area boys I just call them padi mi
Any time I go on YouTube see myself on my TV
Ima bad girl like ri ri
I'm on job check my CV
Make a wish like Genie

Nails done acrylic, the sexiest image
From start to the finish
A judge and a critic
Of course I be winning
Never just chilling
I'm high ceiling
An angel a villain
Plus my hearts cold I ain't ever catching any feelings

They know that I'm the queen I conquer
I'm living like a real rockstar
Chat shit Ima block your number
Chat shit and Ima block you number
You get it. You get it

I'm a real hustler
Tell a basic bitch wassup
I don't like no bum or buster
I be rocking real buss downs
These bitches look plain anytime I touch down

I'm a real hustler
Tell a basic bitch wassup
I don't like no bum or buster
I be rocking real buss downs
These bitches look plain anytime I touch down

Class is in session I'm causing constant obsession
I'm the prize and present in the past and present
So no wonder why they all feel bad for my Ex's
When I walk there's a presence
Don't own nobody credit
Now they see a bitch winning so they all wanna be beg it
Don't get me cross you'll regret it
I am not sympathetic
I make his heart stop someone better call him a medic
Flow contagious
Ima start another pandemic
Uhhhhh

Bitches look
Bitches look
Bitches look

Bitches look plain when I touch down
I'm coming from the south but I always go uptown
They see the walk but it's cuz I got the bus down
Talk to my assistant cuz I'm the boss now

So tell the bitch to play her position
She be hoping and wishing
She can never ever serve the plate or dish that I'm dishing
Look my outfits Givenchy or Givenchy
They gimmi space when I rocket
Cuz darling I'm a girl on mission
I'll make your man go clean in the kitchen
Then I'll make him do the dishes
Cuz darling he respects my wishes
He say he wants a flavour of love so
I make that nigga call me delicious
