

# No Pressure

Shaybo

I need a real one like me  
If you don't tick the box then you can shoe like nikey  
Boys on my cell are tryna cuff like I'm a prisoner  
But it don't impress me because they all similar  
I can buy my own shit nigga  
My drip so cold that it makes me want to shiver  
A winner, stop dinging off my dinger  
If I say I'll keep you posted just know that I'll deliver  
I'm high end and boujee but so down to earth if you knew me  
But they'll never know because I'm choosy  
I'm paro they all tryna use me  
Don't use me

Baby I'm a hot stepper none better  
If you looking for a boss chick then come get her  
Make a boy wait if he don't measure  
I'll make a boy wait if he don't measure  
Sorry baby no pressure It's whatever  
If you got a girlfriend please don't tell her  
Cause I ain't tryna fight for you not ever  
I ain't tryna fight when I'm much better

Christ don't get me cross  
Cause losing me baby it be your loss  
You just do for you baby I do for us  
I paid the price but you paid the cost  
I'm paro baby I don't even trust  
So if we equal then that's a plus  
We be beefing then we adjust  
We not in love baby we in lust

Baby I'm a hot stepper none better  
If you looking for a boss chick then come get her  
Make a boy wait if he don't measure  
I'll make a boy wait if he don't measure  
Sorry baby no pressure It's whatever  
If you got a girlfriend please don't tell her  
Cause I ain't tryna fight for you not ever  
I ain't tryna fight when I'm much better

Baby I'm a hot stepper none better  
If you looking for a boss chick then come get her  
Make a boy wait if he don't measure  
I'll make a boy wait if he don't measure  
Sorry baby no pressure It's whatever  
If you got a girlfriend please don't tell her  
Cause I ain't tryna fight for you not ever  
I ain't tryna fight when I'm much better

Baby I'm a hot stepper much better  
I ain't tryna fight for you not ever  
I ain't tryna fight so it's no pressure  
I ain't tryna fight for you whatever
