I'll always take it personally, personally
If you disrespected me, so respect please
Ain't playin' with you, honestly, no-no, honestly
I'm tellin' you, don't mess with me, got no empathy

'Cause I'm sweet like sugar, always make that moola
Make that cake, I do that
When I bake, I coola
Take my shoes off, don't need to tell no idiot
Remember when they didn't believe in us?
Now they see that we be serious
Ex-niggas tryna hit me up
Stupid persons, stupid idiots
Everybody hit me up
Why they didn't send me this love?
No hugs, no, nothing, nothing since (Nothing since)
We dancin' to the world 'till the world ends, 'til the world ends

I'll always take it personally, personally
If you disrespected me, so respect please
Ain't playin' with you, honestly, no, honestly
I'm tellin' you, don't mess with me, got no empathy
