

700 Days

(Worlds away)

I shine a light into the dark
To find what's missing, missing, missing
I play your records on repeat
The needle skipping

And I have been alone for 700 days
Upon the widow's walk, I talk to waves
I'm waiting for your ghost
It's more than I can take
And I can feel your storm from worlds away

I've never grieved like this before
The wind is turning, turning, turning
I think I know now what you meant
When you said, "I'm hurting"

And I have been alone for 700 days
Upon the widow's walk, I talk to waves
I'm waiting for your ghost
It's more than I can take
And I can feel your storm from worlds away

(Worlds away)

(Worlds away)

Is it easier for you to be lost at sea
Than here with me?
I would rather be drowning slowly
Than this kind of lonely
If you fire a flare, I'll follow you there

And I have been alone for 700 days
Upon the widow's walk, I talk to waves
I'm waiting for your ghost
It's more than I can take
And I can feel your storm from worlds away
