

Can't Go Back

James Shayfer

This vicious beast
Has struck at home
We're on our knees
But we are not alone
Our hero's here
Her sword is stained with blood
One beast is dead
But that is not enough

So we can't go back, can't go back now
Can't go back, can't go back now
Can't go back, can't go back now
Can't go back, can't go back now

The time is now
You swore you'd see this through
It's eye for eye
It must be tooth for tooth
This brutal beast
Must die in agony
For her offense
For this catastrophe

So we can't go back, can't go back now
Can't go back, can't go back now
Can't go back, can't go back now
Can't go back, can't go back now
If we are to stay alive

Then the beast cannot survive
(If we are to stay alive
Then the beast cannot survive)
If we are to stay alive
Then the beast cannot survive
(If we are to stay alive
Then the beast cannot survive)

The time is now
You swore you'd see this through
It's eye for eye
It must be tooth for tooth
This brutal beast
Must die in agony
For her offense
For this catastrophe

[illegible]

Can't go back, can't go back now
