

# Charlie, My Girl

James Shayfer

Gonna move to the mountains  
And grow my hair long  
Goodbye Charlie, my girl  
Gonna sleep by the lakeside  
And speak with the stars  
Goodbye Charlie, my girl

Gonna fill up the bathtub  
And write you a song  
Goodbye Charlie, my girl  
And I hope that you're happy  
Wherever you are  
Goodbye Charlie, my girl

Yes, I know there's a lady  
You need to be  
Goodbye Charlie, my girl  
Oh, come find me, kid  
When you're ready for me  
Goodbye Charlie, my girl

See the days are too long  
And the nights are too rough  
Goodbye Charlie, my girl  
And I can't keep believing  
I'm not good enough  
Goodbye Charlie  
Goodbye Charlie  
I'm gonna move to the mountains  
And grow my hair long  
Goodbye Charlie, my girl
