

# Ferryman

James Shayfer

Row, row down the stream  
This is not a dream  
Row, row down the stream  
The ferryman only deals in cash

Joe met Daisy on the Day of the Dead  
When he woke up, drunk and handcuffed  
To a dirty double bed  
She said, "Joe, you should be wary of  
The women you pretend to love"  
Then she wrapped a plastic bag around his head  
Joe met Daisy on the Day of the Dead

Oh, your time is comin' fast  
And the ferryman only deals in cash  
Oh, your time is comin' fast  
And the ferryman only deals in, the ferryman only deals in cash

Ben met Gary at a backroom game of pool  
When he caught him pettin' heavy  
With a boy from Baton Rouge  
He said, "Ben, you should've learned by now  
I'm not a fan of fuckin' around!"  
Then he beat him with a bottle and a cue  
Ben met Gary at a back room game of pool

Oh, your time is coming fast (Row, row down the stream)  
And the ferryman only deals in cash (This is not a dream)  
Oh, your time is coming fast (Row, row down the stream)  
And the ferryman only deals in, the ferryman only deals in cash

Never again can be innocent  
And everything ends, well, it just makes sense  
If up has a down there's another side  
In there's an out so it's worth a try  
People want each other but they want themselves more  
Even when your lover's something new to live for  
It's to die for, therefore to kill for  
Black has white so go to the light, my love

Jane met Ginger over dinner in July  
Ginger said that she'd forgive her  
For the secrets and the lies  
So they drank a toast for days to come  
And the Devil spoke with Ginger's tongue  
"Oh, I hope you like champagne with cyanide!"  
Jane met Ginger over dinner in July

Oh, your time is coming fast (Row, row down the stream)  
And the ferryman only deals in cash (This is not a dream)  
Oh, your time is coming fast (Row, row down the stream)  
And the ferryman only deals in, the ferryman only deals in  
Oh, your time is coming fast (Row, row down the stream)  
And the ferryman only deals in cash (This is not a dream)  
Oh, your time is coming fast (Row, row down the stream)  
And the ferryman only deals in, the ferryman only deals in cash!

Shh!
