

## Society Hook

James Shayfer

Gimme a woman  
With brass knuckles in her purse  
Gimme a widow  
Who drinks whiskey in the hearse  
Gimme a poet with a pinup disposition  
Gimme a lady who won't hesitate to kick somebody's teeth in

Gimme that woman with a dirty word  
"Jab"  
And a mean society hook

Gimme a woman  
Who says everything she feels  
Gimme a goddess  
Who reads Hemingway in heels  
Gimme an optimistic anarchistic killer  
Gimme a lady who won't hesitate to teach me how to thrill her

Gimme that woman with a dirty word  
"Jab"  
And a mean society hook

Let's me bare witness to her darkness when she's mourning  
And when she's threatened, goes to war without a warning  
Let's me bare witness to her darkness when she's mourning  
And when she's threatened, she'll go to war  
She'll go to war  
She'll go to war  
She'll go to war  
She'll go to war without a warning

And gimme a soldier  
Who takes everything she needs  
Gimme a heathen  
Who holds heaven in her teeth

Gimme a guts and swagger, broken dagger-ella  
Gimme a heavy bottle, anti-patriarcho-fortune teller

Gimme that woman with a dirty word  
"Jab"  
And a mean, mean, mean, mean society hook
