

# Troublemaker

James Shayfer

I've got nothing but trouble for you  
You've got nothing but trouble for me  
Kicking bottles and juggling knives  
Havin' the ravenous time of our lives

Woo-oooh, woo-oo-oo-oo-oo-oh  
Havin' the time of our lives  
Woo-oo-oo-oo-oo-oh  
Havin' the time of our lives  
And I like the look in your eyes

We have been waiting too long  
Troublemaker  
I'm done with not doing wrong  
Troublemaker  
Nothing's alright, might as well make a night of it  
We have been waiting too long  
Just a couple troublemakers

I've been patiently pining for you  
You've been quietly dying for me  
Talking riddles and walking the wire  
Making our way to this fabulous fire

Wooh, woo-oo-oo-oo-oo-oh  
Making our way to the fire  
Wooh, woo-oo-oo-oo-oo-oh  
Making our way to the fire  
And I like your kind of desire

We have been waiting too long  
Troublemaker  
I'm done with not doing wrong  
Troublemaker  
Nothing's alright, might as well make a night of it  
We have been waiting too long  
Just a couple troublemakers

Yes, I consent to regretting this magical merry-go-round  
Of a scandalous evening  
Believe me, we'll both be relieved to be broken and bleeding so heavily  
We can see god in the cracks in the ceiling  
Oh, you and me

We have been waiting too long  
Troublemaker  
I'm done with not doing wrong  
Troublemaker  
Nothing's alright, might as well make a night of it  
We have been waiting too long  
Just a couple troublemakers
