

When Heaven Closes

James Shayfer

Weave a chain
Of bloomless roses
Drink disdain
In double doses
Dig my grave
When heaven
Heaven closes

Picture me
In painted poses
Incomplete
And out of focus
Dig my grave
When heaven
Heaven closes
When heaven closes

And if I'm
Already dead
This heavy weight
Upon my head
A simple stone
That bears my name
Above the words
"Himself to blame"
And if I'm
Already dead
This heavy weight
Upon my head
A simple stone
That bears my name
Above the words
"Please dig my grave"

When heaven closes
When heaven closes
When heaven
