

Brand New Shoes

She & Him

I had some brand new shoes
They were all red but they gave me the blues
And they're runnin' away, they left me a letter
It's just like you told me it'd be
It's nothin' nothin' nothin'
nothin' at all

We are all made of air
There's stars in my eyes and there's sun in my hair
And I'm runnin' away, it makes me feel better
It's just like you told me it'd be
It's nothin' nothin' nothin'
nothin' at all

When it comes down to this
I'm neither sorry nor cross nor unfit
And I'm runnin' away, there's smoke on my sweater
It's just like you told me it'd be
It's nothin' nothin' nothin'
nothin' at all

I had some brand new shoes
They were all red but they gave me the blues
And they're running away, they left me a letter
It's just like you told me it'd be
It's nothin' nothin' nothin'
nothin' at all
at all
at all
