

He Gives His Love to Me

She & Him

He said, "Love me just a little bit more,
Hold me just a little bit longer
Say my name the way you used to"
He gives her love to me unconditionally
How could I ever refuse ya

And if the year that I was born is like the morning
And the year that I die is like the night
Then this time between is such a short and precious thing
I can't wait till after the evening's done just to love you

Days and nights with him
We grow just a little bit stronger
I tried in vain one time to trace it
Time was we ran away
From the truth and the words of the music
But there's still time for us to face it

He said, "Love me just a little bit more,
Hold me just a little bit longer
Say my name the way you used to"
He gives her love to me unconditionally
How could I ever refuse ya

And if the year that I was born is like the morning
And the year that I die is like the night
Then this time between is such a short and precious thing
I can't wait till after the evening's done just to love you

And know I need you still
You know I always will
And know I need you still
You know I always will
And know I need you still
You know I always will
