

Strangely Beautiful

Shealeigh

Ooh
Heeeyyy
Yeah

I quite like the way you smile
I quite like the way you say my name
Somewhat of a fascination
How you swirl a conversation
And when we're apart
I think about you all the time
Tell me quick
Are you thinking about me

You don't know how much I care, do you?
You don't realize that this song is about you

So come play a song for me on
Your beautiful guitar
Got everyone fallin' in love
Standin' there and lookin' special

But if I saw you in the pouring rain
The illusion wouldn't be the same
I think you should know
You'd still be strangely beautiful

Strangely beautiful
Oohhohh

I quite like the way you laugh
I quite like the way you play guitar
A subject of admiration
Messin' with my concentration

You're like a song that I sing on and on and on
Tell me quick
Are you singing about me

You don't know how much I care, do you?
You don't realize that this song is about you

So come play a song for me on
Your beautiful guitar
Got everyone fallin' in love
Standin' there and lookin' special

But if I saw you in the pouring rain
The illusion wouldn't be the same
I think you should know
You'd still be strangely beautiful

When the music stops
And the crowds go home
You take your rockstar self apart
I want you to know
You'll still be
In my heart

You're strangely beautiful
Strangely beautiful
Oh
You're strangely beautiful
Strangely beautiful
Oh

You're strangely beautiful
