

## Make 'Em Laugh

Sheb Wooley

I have made my way around the USA  
Songs and funny sayings is my game  
Then she left me and it's true it broke my heart in two  
And now I'm trying hard to hide the pain

Make 'em laugh make 'em laugh tell a joke don't let 'em know  
That this heart inside of me is hurtin' so  
Make 'em laugh make'em laugh sing a happy song  
And just pretend there's nothing wrong with me funny me

They once said I had style had 'em rolling in the aisle  
But something sure went wrong when she left me  
Though I tell the very same jokes I'm just not gettin' through  
to the folks  
And I'm wishing I was home in Tennessee

Make 'em laugh make 'em laugh tell a joke don't let 'em know  
That this heart inside of me is hurtin' so  
Make 'em laugh make'em laugh sing a happy song  
And just pretend there's nothing wrong with me funny me
