

## Ten Chances to One

Sheb Wooley

I can hear my phone ringing and I'm sitting near by  
Trying to decide what to do  
Oh I would like to say hello and hear your voice say I love you  
But ten chances to one it's not even you

If I answer and it is you and there's someone there with you  
I could tell it then I'd know that we're through  
Oh I would like to say hello and hear your voice say I need you  
But ten chances to one he's right there with you

I don't think I could stand to hear somebody laughin'  
Cause I'd know that he holds you as I used to do  
Oh I love you more than ever and I'll just take the gamble  
Ten chances to one he's right there with you  
Ten chances to one he's right there with you
