

Hanging On The Outside

Shed Seven

(from Why Can't I Be You? CD1)

Hey, step into the light
I want to see if your face fits with your shoesize
Don't go leave me in the dark
This should be a walk in the park for us now

Be real
Yeah, be real with the one you love
Be real
Yeah, be real with the one that you love

Rolling round on the floor's what I'm thinking of
Rolling round on the floor's what I'm thinking

Raining stones shoot you down
And I'm hanging on the outside
(Hanging on the outside)
Raining stones my hands are tied
Don't leave me hanging on the outside
Thanks for the memory
You do it better anyway

Hey, step into my school
The only lesson that you learned was how to break the
rules
And you're acting pretty cool
I got the tools but I'm hanging on your punchline
I'm hanging on your punchline

Be real
Yeah, be real with the one you love
Be real
Yeah, be real with the one that you love

Rolling round on the floor's what I'm thinking of
Rolling round on the floor's what I'm thinking

Raining stones shoot you down
And I'm hanging on the outside
(Hanging on the outside)
Raining stones my hands are tied
Don't leave me hanging on the outside
Thanks for the memory
You do it better anyway

And I'm hanging on the outside

Don't leave me hanging on the outside
