

## Ring the Changes

Shed Seven

Take a look at me, this is your destiny  
The best place to be was filled with restless energy  
It's driving me insane, beats per minute never felt the same  
You're pouring honey in my ear now baby, makes me crazy  
Sweet talking to me

Yeah you had your fun, you crazy ones  
Oh you've come undone, you crazy ones  
Now look what you've done, what you've become  
It's time to ring the changes

Take a look at you, yours was a different view  
Every morning feeling numb, burning cigarettes and rum  
It's driving me insane, beats per minute like the Mary Chain  
You're pouring petrol on my fire darling, gets me started  
Sweet talking to me

Yeah you had your fun, you crazy ones  
Oh you've come undone, you crazy ones  
Now look what you've done, what you've become  
It's time to ring the changes

En garde, touché, skies the limit every day  
En garde, touché, skies the limit every day  
En garde, touché, skies the limit every day  
En garde, touché, why's it always end this way

Yeah you had your fun, you crazy ones  
Oh you've come undone, you crazy ones  
Now look what you've done, what you've become  
It's time to ring the changes  
Yeah you had your fun, you crazy ones  
Oh you've come undone, you crazy ones  
Now look what you've done, what you've become  
It's time to ring the changes  
It's time to ring the changes  
It's time to ring the changes  
Ring the changes  
Ring the changes  
Ring the changes  
Ring the changes
