

# Can't Wait Till Tomorrow

Sheena Easton

Tonight, the stars are shining in your eyes, there's a full moon on the rise  
Tonight, the planets are aligned just right  
Don't let this chance slip away, don't wait till the light of the day  
My heart is racing out of control, but time is standing still

I can't wait till tomorrow, it's such a long time, now that the moments here  
I can't wait till tomorrow, it's such a long time, now that your love is near

Tonight, a dream is just a kiss away, but you're such a mystery  
Tonight, are you gonna leave or stay  
You cast a spell on me, I'll be what you want me to be  
Whatcha gonna do with this heart of mine  
You gotta put your lovin' on the line

(Hold on) Just put your arms around me  
(Come on) We can take to the sky  
Hold tight, so right, tonight

I can't wait - hold on, come on, hold tight, so right Hold on, come on, hold tight, so right  
I can't wait - I can't wait, wait, now that your love is near  
I just can't wait till tomorrow

Hold on, come on, hold tight, so right
