

When You Speak My Name

Sheena Easton

Nothing's ever been more precious to me
The love you're giving me
Oh it sets me free ooh yeah
You know it sets me free
You make it easy to give all of my heart
My world my life were yours
Right from the start
You made it easy to love
I never thought I'd hear a word so sweet
I never thought my world was incomplete
Till you touch my life

When you speak my name
I hear my future calling oh yeah
When you speak my name
I feel my heart is falling oh yeah
When you speak my name
I know what you're trying to say
When you speak my name
I hear an angel singing oh yeah

Every minute brings you closer to me
And every second we're apart I long to be oh yeah
Only with you my love
And when I think about the blessing you are
There's nothing more that I could wish upon a star, yeah ooh ba
by
I want to be where you are
I never thought I'd hear a word so sweet
I never thought my world was incomplete
Till you touch my life

Little one sing to me sing to me
With your beautiful voice
Straight from heaven to me, oh oh

La la la la la la la la la la
Little one little one
La la la la la la la la la la
Come and speak my name
