

Cry Baby

Sheila E.

Baby, what happened to you and me?
It wasn't supposed to be this way
I said baby, baby, baby
What happened to you and I?
And all the promises we made
Mm, I don't know why you left me (Left me, baby)
I don't know why you said goodbye (No)
I only know that since you left me, I feel so all alone, baby
All I do is cry, baby

We meant so much to each other
We said we loved one another
All I do is cry, baby

We meant so much to each other
We said we'd last forever

Did I find you? (No)
Please don't go away
Hold me tight, tell me you'll stay
Tell me why you're blushing, baby?
Tell me why your body shakes
Thinking of the love we make
Mm close your eyes and listen
To the pumping of my heart
I feel a fire burning (Burning down)
You drive me crazy, baby
And all I do is cry

We meant so much to each other
We said we loved one another
All I do is cry, baby

We went so good together
We said we'd last forever
(Last forever, no)
All I do is cry

We meant so much to each other
We said we loved one another
Baby, all I do is cry

We were so good together
We said we'd last forever

Baby, please don't go (Don't go)
Touch me, hold me, touch me, squeeze me, love me, oh (Don't go)
I need you now, wrap your arms around me, baby, baby, baby (Don't you ever go, no)

Don't know why you left me
I don't know why you said goodbye
I only know that since you left me (Yeah) I feel so all alone, baby
All I do is cry, baby

We meant so much to each other
We said we loved one another (No, oh)

All I do is cry, baby

We were so good together
We said we'd last forever
All I do is cry, baby

We meant so much to each other
We said we loved one another (We loved one another)
All I do is cry, baby

We were so good together
We said we'd last forever
All I do is cry, cry, cry...
